Dear Percy:

Just a line to enquire whether you have anything new for band, preferably something that you conceived <u>for</u> band.

The American Bandmasters Association are going to have their next Convention at Milwaukee on March 5-6-7. The Convention will end with a Monster Concert on the 7th. We are very desirous of having some new band numbers if possible. This is going to be a very big event and if you have anything on hand or can have something ready we would love to have the first performance of one of your works.

We have not seen you and Mrs. Grainger for a long time and hope to have that pleasure soon.

With kind greetings to both of you,

I am

EFG: C

sincerely
